607 ORGANIZATION OF GRADE LEVELS

I. PURPOSE

The purpose of this policy is to address the grade level organization of schools within the school district.

II. GENERAL STATEMENT OF POLICY

- A. The policy of the school district is to address the groupings of grade levels as recognized in Minn. Stat. § 120A.05, as follows:

[Note: Each school district should identify within the groupings as defined in Minn. Stat. § 120A.05, how grade levels shall be organized within the school district from the options listed below:

<i>Elementary:</i>	<i>Grades Pre-kindergarten through 4</i>
<i>Middle:</i>	<i>Grades 5-8</i>
<i>Secondary:</i>	<i>Grades 9-12]</i>

- B. The superintendent may seek school board approval to administer certain programs on a non-graded basis or a design different from that indicated. Program proposals that seek school board approval must meet all state requirements and reflect the rationale for the modification.
- C. The school district may request documentation that verifies a student falls within the school's minimum and maximum age requirements for admission to publicly funded prekindergarten, preschool, kindergarten, or grades 1 through 12. Documentation may include a passport, a hospital birth record or physician's certificate, a baptismal or religious certificate, an adoption record, health records, immunization records, immigration records, previously verified school records, early childhood screening records, Minnesota Immunization Information Connection records, or an affidavit from a parent.

III. DEFINITIONS

- A. “Kindergarten” means a program designed for students five years of age on September 1 of the calendar year in which the school year commences that prepares students to enter first grade the following school year.
- B. “Prekindergarten” means a program designed for students younger than five years of age on September 1 of the calendar year in which the school year commences that prepares students to enter kindergarten the following school year.
